

Georgia - North Florida

INDUSTRIAL ASSESSMENT CENTER (IAC)

WHAT IS IT?

Small- and medium-sized manufacturers may be eligible to receive a no-cost assessment provided by Georgia Tech, FAMU, and/or FSU. An energy assessment will identify opportunities to improve productivity, reduce waste, and save energy. IACs typically identify more than \$47,000 in annual savings opportunities for each manufacturer.

AM I ELIGIBLE?

Eligible companies must meet the following criteria:

- Located in Georgia or North Florida
- SIC Code between 2000 - 3999
- Gross annual sales below \$100 million
- Fewer than 500 employees at the plant site
- Annual energy bills more than \$100,000 and less than \$2.5 million
- No professional in-house staff to perform the assessment

NEXT STEPS

Apply on the website:

www.iacgeorgia.org

The Georgia - North Florida IAC team will require a one-day site visit after you fill out an application and send utility data. You will receive recommendations for reducing energy, waste, and production costs within two months.

IAC clients are required to participate in an implementation survey within nine months of the assessment date.
